## WHAT'S NEW!

The next animations will be more musical than our Hail Mary, Full of Grace animation. Each prayer will be a song. We currently have a draft of the St Michael prayer and Guardian Angel prayer in song. They will be very memorable and engaging for children. We're so excited to share them when they are ready!

## TEACHING CHILDREN HOW TO PRAY

Have you ever wanted to know how to teach your children how to pray AND help them understand what they are praying too? Many children today grow up without knowing how to pray. Starting children young with memorizing prayers and introducing them to animations to understand the prayers better will impact them for the rest of their lives! This is our mission here with Catholic Stories for Children.
