

Transubstantiation

Transubstantiation is when the substance of something changes.

After he had given thanks, broke it and said, "This is my body that is for you. Do this in remembrance of me." - 1 Corinthians 11:24-25

Creative Expression of Devotion

The Real Presence of Jesus in the Blessed Sacrament is the source and summit of our faith. It moves our hearts to deep love of God, envelops us in mystery, and grounds us in the reality of God with us. Using the talents he's given you, use the blank space below to express your feelings about the Most Holy Eucharist. You can draw an image, write a song, a poem, or a prayer...What are you inspired to create in response?

Did You Know?

The term transubstantiation was first used by Hildebert of Tours around 1079. However, it was officially used in magisterial documents at the Council of Trent in 1551. The council was called as a response to the Reformation, a Protestant revolution where some reformers questioned the nature of the real presence of Jesus in the Eucharist.

Reflection Questions

Pause to reflect on the Eucharist.

We believe that the Eucharist is the body, blood, soul, and divinity of Jesus under the appearance of bread and wine. What does God becoming food for you to eat mean to you? What does it say about God?

Did you know that the food we eat maintains, repairs, and builds all the new cells that make up our body? What if your food is God himself? What thoughts come to mind as you reflect on this?

Response of Adoration

Use your reflections to guide a prayer to Jesus.

Consider the miracle of the Blessed Sacrament (the Holy Eucharist). Jesus giving us his body in great love at every Holy Sacrifice of the Mass. He promised to be with us to the end of the age, and he truly is. Take a moment to thank Jesus for this intimate gift of himself.

Guided Imaginative Prayer

Follow the prompt to enter into imaginative prayer with God.

Imagine the most beautiful church you've ever seen. The sunlight shines through the stained glass windows creating a pattern of colored light on the walls. There are candles that smell like honey, the incense from Mass lingers in the air making the a magnificent display of the streams of light. Upon the altar is Jesus in the Blessed Sacrament, held in a monstrance that looks like the sun. You kneel in reverence of the King. You gaze on him, and him on you. In this quiet moment with Our Lord, what does he say? How do you feel? What does your heart say without words?
