

Easter!

Easter is when we celebrate Jesus conquering death and giving us new life!

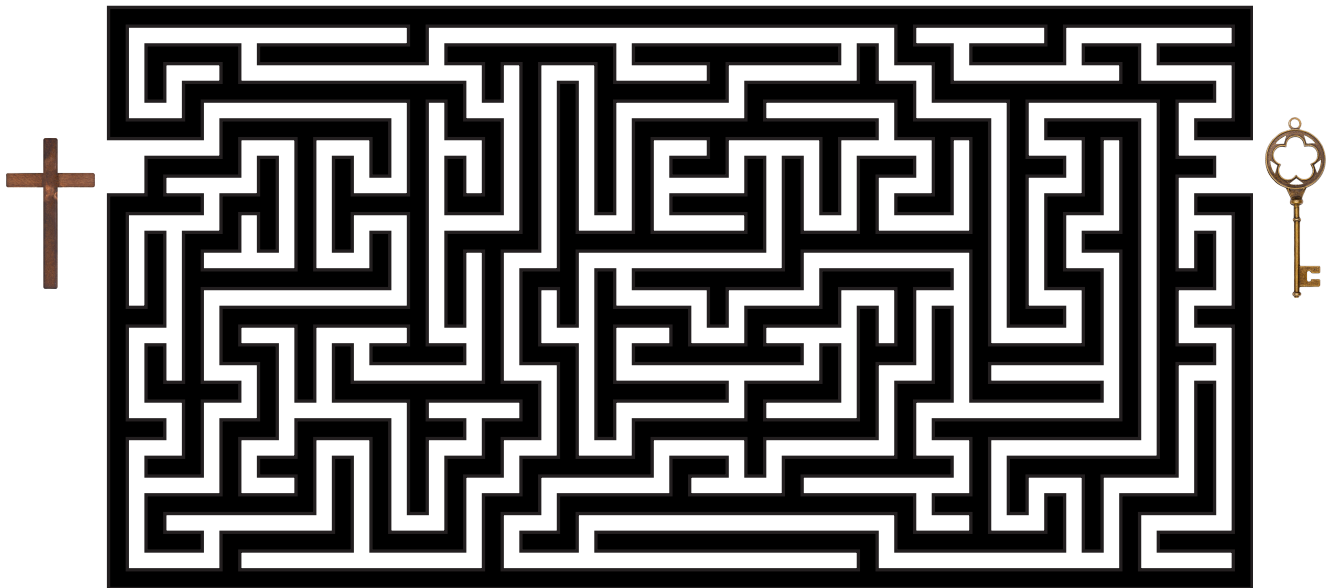

Do not be afraid. I am the first and the last, The one who lives. Once I was dead, but now I am alive forever and ever. I hold the keys to death and the netherworld.
-Revelation 1:17-18

Keys of the Netherworld

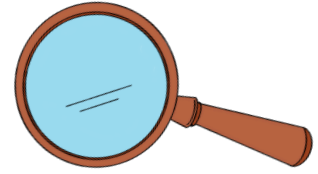

Celebrate Jesus' holding the keys of the underworld and His victory over sin through His death and resurrection with this maze.

Did You Know?

The term "Easter" comes from Anglo-Saxon roots referring to the rising light of day and the beginning of Spring. Many other languages use the Aramaic root word Paschal (meaning passover) to name the day and season. The term Pascal Mystery refers to the Passion, Death, and Resurrection of Jesus Christ Our Lord.

Reflection Questions

Pause to reflect on the Paschal Mystery.

When Jesus rose from the dead, he conquered sin and death - taking power away from the Accuser and the Prince of Lies. How do you think heaven responded when this happened?

The Paschal Mystery makes it possible for us to be ransomed from the powers of evil and darkness. It makes it possible for us to be raised to new life through our baptism. How can we respond to Jesus' unfathomable act of heroism?

Response of Adoration

Use your reflections to guide a prayer to God.

The entire Trinity participated in the Paschal Mystery. Take a moment to pray to the Father, thanking him for sacrificing his beloved Son, to Jesus for enduring his Passion out of love for us and the Father, and to the Holy Spirit who is the love between Father and Son for raising Jesus from death to life.

Guided Imaginative Prayer

Follow the prompt to enter into imaginative prayer with Jesus.

It's been the worst day of your life. You are overwhelmed with grief and fear. Despair has his ugly hand on your shoulder and no one is with you to console your soul. You sit on a rock, freezing and face raw with tears, hands locked in metal cuffs. The sun is starting to rise, but you barely notice. Behind you, you hear a commanding voice. He declares your name. When you turn around, the risen Jesus stands before you. Despair runs in terror, you notice golden keys in Jesus hands. Jesus approaches you and unlocks the cuffs, freeing you. He holds out his arms to embrace you. "You are mine", he says.
